

## Exploratory Testing Week – Challenge 3. Test session 1

<b>ID</b>	1
<b>Charter</b>	Interact with MeeroDrop to get the look and feel of the application. Focus on feelings and learning. Report any bugs found.
<b>Charter Fulfilled? Y/N</b>	Yes
<b>Tester(s)</b>	Alex Morosan
<b>Start Time</b>	06/04/2021 - 15:00
<b>Duration (in minutes)</b>	30
<b>Test Execution Time %</b>	75
<b>Bug Investigation Time %</b>	25
<b>Setup &amp; Admin Time %</b>	0
<b>Environment</b>	OS: Windows 10 Pro Version 20H2 Browser: Opera - Version:75.0.3969.149
<b>Test Notes</b>	<p>Accessed app at <a href="https://www.meerodrop.com/en/">https://www.meerodrop.com/en/</a></p> <p>Good first impression, clean layout. As I started to use the application I was presented with "tutorial bubbles". These highlighted where the main controls are. I like that.</p> <p>I didn't really like the font the first time I saw it below a certain size; the lower case "e" looked like an "o" with a line through it. I got used to it after a few minutes. See attached.</p> <p>Settings menu looks very clean and I like the on/off sliders. Feels natural.</p> <p>After selecting a few cover images in a row, the cover turned white. I could not reproduce this but did notice that some larger, more detailed images take up to 2 seconds to display and a white image is shown while they're loading. Maybe that's what happened and the image selected never rendered. Spent a few minutes on this but moved on. I will keep an open eye in case this happens again but I think it was a quirk due to very specific conditions at that time (CPU, memory, network, Internet speed, etc).</p> <p>Created multiple boards and sub-boards. Cannot go past level 3 sub-board although icon to add sub-board is present. See Bug #1-1 (enhancement request).</p>

## Exploratory Testing Week – Challenge 3. Test session 1

	<p>Changed layout and sorted the contents of a drop. Sorting is a bit confusing, not sure how this is done. I suspected alpha-numerical order but need to investigate further - new charter opportunity.</p> <p>Configuration and security settings: important area to test - new charter opportunity.</p> <p>Dev tools - some errors and warnings. Conversation with dev may be worth having.</p>
<b>Bug Summaries</b>	Bug #1-1: Icon to add sub-board is present on 3 <sup>rd</sup> level sub-board even though the user cannot add more past that level (enhancement request)
<b>Issues</b>	No issues
<b>Attachments</b>	 <p>The screenshot shows a web interface for a sub-board titled 'Sub-Board3'. At the top, there is a header with the title and an edit icon, followed by a link to 'Add a cover photo'. The main area is a large grey rectangle. In the center, a white modal dialog box is open with the title 'Are you sure?' and a close button (X). The dialog contains the text 'This board will be definitively deleted.' and a red 'Delete' button. A red arrow points from the text 'e' looks strange' to the 'Delete' button. Below the dialog, there are two small thumbnail images. At the bottom of the grey area, there is a message: 'This board is currently empty. Upload new files (Drag &amp; Drop or click on +) or select existing ones from "All files"/other boards'.</p>
